Dear Oliver

22 October 2021

MOD Safeguarding

Thank you for your email requesting pre-application advice from the Ministry of Defence (MOD) regarding your proposed pre- application energy development for 3 turbines located at Low Drumclog, Drumclog, South Lanarkshire ML10 6QE

We have undertaken a pre-application assessment which has been carried out on the basis that turbines will be 180m to blade tip, using the grid references below submitted in the email.

Turbine	Easting	Northing
1	263236	641040
2	262952	640478
3	262653	640814

I can confirm that the MOD has no concerns to this proposal.

I trust this is clear however should you have any questions please do not hesitate to contact me.

Yours sincerely

Jill Roberts
