Classification: CONFIDENTIAL

Dear Oliver,

**RE: Wind Farm**  
**REF: 2-576183**

Thank you for contacting Ofcom.

The windfarm process as originally developed was aimed at putting a windfarm developer and potentially impacted fixed link licensees in contact with each other. Beyond this Ofcom did / does not have any further involvement or enter into the co-ordination / planning discussions between the concerned parties. The same applies now that the fixed link licence information in the Ofcom managed and co-ordinated bands is provided via the Spectrum Information System. i.e. Ofcom does not enter into the discussions between windfarm and fixed link operators. ?

It should also be noted that while Ofcom provides information via the Spectrum Information System there are a number of bands that are now awarded on a block basis i.e. these bands are managed and assigned by the licensees themselves and the individual link information is not published on the SIS. Further information on these bands and the licensees details can be found here <https://www.ofcom.org.uk/manage-your-licence/radiocommunication-licences/mobile-wireless-broadband/above-5ghz>.

If you have any further queries please do not hesitate to contact the Spectrum Licensing Team on 020 7981 3131 or via email at [spectrum.licensing@ofcom.org.uk](mailto:spectrum.licensing@ofcom.org.uk).

Kind regards,

Lauren Roberts
