Position Title: Project Engineer/ CAD Technician

Company: CleanEarth Energy

Salary: £24,000 - £30,000 dependent on experience

Location: Wadebridge, Cornwall

Duration: Full-time contract.

Closing date: NA

Company background:

CleanEarth design, build, and operate Solar Photovoltaic (PV) and Wind Turbine renewable energy systems throughout the United Kingdom.

Founded in 2010, our industry-leading in-house team of engineers, planners and project managers provide a complete 360-degree service, incorporating every aspect of the project development process and ensuring CleanEarth are always one step ahead.

This unique approach allows CleanEarth to tackle every project head-on, with the in-house resources to provide a truly holistic service.

Job Description:

CleanEarth are looking for a motivated and organised Project Engineer/CAD Technician to work on our upcoming wind farm projects.

Responsibilities will include:

- Production of wind farm site layout drawings, access modifications, swept path analysis, legal and planning drawings
- Assisting with projects in development and under construction, striving to achieve the Highest Health, Safety and Quality standards
- Using design to reduce risk and ensure projects under development are both practically and financially feasible
- Provision of technical input to early stage and pre planning projects
- Commissioning of 3rd party technical services
- Support wider improvement/development of Cleanearth design processes and procedures.

Essential Requirements:

- Highly proficient in the use of AutoCAD and Vehicle Tracking software
- Basic knowledge of onshore wind development and construction processes
- Methodical, accurate and detail focussed approach
- Awareness of CDM regulations
- Excellent communication and organisational skills
- Self motivated with the ability to prioritise and manage a demanding workload
- Flexibility to visit our sites throughout the UK

Desired Skills:

- In depth knowledge of transport and construction methods as they relate to onshore wind projects
- Civil3D proficiency
- Surveying/setting out experience
- Full UK Driving Licence

How to Apply: Please send a C.V. and covering letter outlining why you are suitable for the role to lisa.cook@cleaneartenergy.com
