**Position:** Renewable Energy Engineer /Senior Roofer / PV Installer

**Company:** CleanEarth Energy

**Salary:** £21,000pa to £30,000pa dependent on experience

**Location:** Office base at Wadebridge but various sites around the UK

**Duration:** Full time contract

**Closing date:** N/A

**Company background:**

CleanEarth design, build, and operate Solar Photovoltaic (PV) and Wind Turbine renewable energy systems throughout the UK.

Founded in 2010, our industry-leading in-house team of engineers, planners and project managers provide a complete 360-degree service, incorporating every aspect of the project development process and ensuring CleanEarth are always one step ahead.

This unique approach allows CleanEarth to tackle every project head-on, with the in-house resources to provide a truly holistic service.

**Job Description:**

CleanEarth are looking for a motivated, organised Renewable Energy Engineers to join our existing team and assist with the installation of PV systems, together with operations and maintenance on various sites throughout the country.

The role will require knowledge of PV systems and flexibility to work intensely for certain periods of time anywhere in the country.

Essential Requirements:

- Previous experience in renewables, roofwork or general construction.
- Previous solar PV installation experience.
- Excellent communication and organisational skills.
- Methodical, accurate and process focused approach to tasks.
- Flexibility for working throughout the UK, including evenings and weekends.
- Driving License.

Desired Skills and Qualifications:

- Telehandler ticket
- MEWP 3a & 3b ticket
- Working at heights
- Manual handling
- Level 2 Health and Safety in the workplace
- CSCS card

How to Apply: Please send a C.V. and covering letter outlining why you are suitable for the role to [lisa.cook@cleaneartenergy.com](mailto:lisa.cook@cleaneartenergy.com)
