

Position Title: Electrical Project Manager / Engineer – Full-time

Company: CleanEarth Energy

Salary: £50,000 - £60,000

Location: Wadebridge, Cornwall

Closing date: NA

Company background:

CleanEarth design, build, and operate Solar Photovoltaic (PV) and Wind Turbine renewable energy systems throughout the United Kingdom.

Founded in 2010, our industry-leading in-house team of Engineers, Planners and Project Managers provide a complete 360-degree service, incorporating every aspect of the project development process and ensuring CleanEarth are always one step ahead.

This unique approach allows CleanEarth to tackle every project head-on, with the in-house resources to provide a truly holistic service.

Job Description:

CleanEarth are looking for a motivated and organised Electrical Project Manager / Engineer to join our existing team working between both the office and our nationwide sites.

Responsibilities will include:

- High and Low Voltage installation work when required on all projects.
- Carryout planned and reactive maintenance when required on all sites.
- High and low Voltage electrical design, plant specification and liaising with subcontracted designers for High Voltage design.
- Completing analysis of site performance to make improvements to ongoing operation.
- Identifying, recording and responding to faults, with a proactive, problem-solving approach.
- Completing designs and reports.
- Reviewing and monitoring all asset managed renewable energy sites on a rota basis, including weekend cover

Essential Requirements:

- City and Guilds 2391 or equivalent.
- Level 3 Technical and Vocational Qualification or Level 3 Diploma.
- BS7671 18th Edition
- Methodical, accurate and process focused approach.
- Excellent communication and organisational skills.
- Computer Literacy.
- Driving License.
- Flexibility for working throughout the UK, including evenings and weekend.

Desired Skills:

- High Voltage experience
- Experience of working in PV design installation and maintenance.
- Experience working with onshore wind.
- CAD experience.
- Experience in communications set-up and configuration.
- HV Authorised Person / Switching Course.
- 18th Edition amendment 2.

- **How to Apply:** Please send a C.V. and covering letter outlining why you are suitable for the role to chloe.moss@cleaneartenergy.com
