Position Title: Solar PV – Project Manager (Experienced and Graduate positions available)

Company: CleanEarth Energy

Salary: : £25,000 - £40,000 DOE

Location: Wadebridge, Cornwall

Duration: Full-time contract.

Closing date: NA

Company background:

CleanEarth design, build, and operate Solar Photovoltaic (PV) and Wind Turbine renewable energy systems throughout the United Kingdom.

Founded in 2010, our industry-leading in-house team of engineers, planners and project managers provide a complete 360-degree service, incorporating every aspect of the project development process and ensuring CleanEarth are always one step ahead.

This unique approach allows CleanEarth to tackle every project head-on, with the in-house resources to provide a truly holistic service.

Job Description:

Clean Earth are looking for motivated and organised Project Managers to work on our Solar PV projects. We are looking to fill both experienced and graduate Project Manager positions.

Responsibilities will include:

- Project management of the design, construction, and installation for solar PV sites.
- Management project Health and Safety, including writing risk assessments and method statements.
- Management of design engineers and subcontractors.
- Project design, estimation / budgeting and procurement.
- Providing technical input for feasibility stage projects.
- Liaising with clients, DNOs, suppliers and consultants.
- Conducting site visits to assess suitability for solar installations.
- Ensuring a collaborative relationship with clients.
- Flexibility to travel throughout the UK.

Essential Requirements for experienced positions

- Renewable energy industry knowledge and experience, with a particular focus on commercial solar PV design, installation and operation.
- Strong commitment to health and safety, and knowledge of H&S legislation as applicable to construction projects.
- Knowledge and understanding of solar project finances
- Ability and enthusiasm to manage multiple projects and priorities simultaneously in a fast-paced environment.
- Be highly organised, methodical, detailed driven and have a process focused approach.
- Excellent communication skills.
- Proficiency with Excel.
