

Position: PV Installer Site Manager

Company: CleanEarth Energy

Salary: £30,000 - £45,000 DOE

Location: Office base at Wadebridge but working various sites around the UK

Duration: Full time contract

Closing date: N/A

Company background:

CleanEarth design, build, and operate Solar Photovoltaic (PV) and Wind Turbine renewable energy systems throughout the UK.

Founded in 2010, our industry-leading in-house team of engineers, planners and project managers provide a complete 360-degree service, incorporating every aspect of the project development process and ensuring CleanEarth are always one step ahead.

This unique approach allows CleanEarth to tackle every project head-on, with the in-house resources to provide a truly holistic service.

Job Description:

CleanEarth are looking for a experienced, motivated, organised PV Installer Site Manager to join our existing team and assist with the installation of PV systems, together with operations and maintenance on various sites throughout the country.

The role will require flexibility to work intensely for certain periods of time anywhere in the country, with regular working away.

Essential Requirements:

- Previous experience in renewables, roofwork or general construction.
- Previous Site Manager experience to include supervising a full team on site and ensuring all H&S requirements are met.
- Excellent communication and organisational skills.
- Methodical, accurate and process focused approach to tasks.
- Flexibility for working throughout the UK, including evenings and weekends where necessary.
- Flexibility to regularly work away.
- SMSTS
- Driving License.

Desired Skills and Qualifications:

- Previous solar PV installation experience.
- Asbestos Awareness
- Telehandler ticket
- MEWP 3a & 3b ticket
- Working at heights
- Manual handling
- Level 2 Health and Safety in the workplace
- CSCS card

How to Apply: Please send a C.V. and covering letter outlining why you are suitable for the role to
