

Position Title: Health & Safety Advisor

Company: CleanEarth Energy

Salary: £40,000 - £55,000 pa (DOE)

Location: Wadebridge, Cornwall

Duration: Full-time

Closing date: Open ended

Company background:

Clean Earth design, build, and operate Solar Photovoltaic (PV) and Wind Turbine renewable energy systems throughout the United Kingdom.

Founded in 2010, our industry-leading in-house team of engineers, planners and project managers provide a complete turn key solution for land owners, SMEs and large corporates, incorporating every aspect of the project development process and ensuring Clean Earth are always one step ahead.

This unique approach allows Clean Earth to tackle every project head-on, with the in-house resources to provide a truly holistic service.

Job Description:

Clean Earth are looking for a proactive and experienced Health & Safety Advisor to join our team. This is a hands-on role responsible for promoting and maintaining a strong health and safety culture across our operations.

The successful candidate will ensure compliance with relevant legislation, company policies, and industry best practices while supporting operational teams to deliver work safely and efficiently.

In addition to H&S responsibilities, the role will provide support to our various teams on ad hoc matters to assist with the coordination and delivery of renewable energy projects.

Responsibilities will include:

- Review, assess, and improve Risk Assessments and Method Statements (RAMS) prior to works commencing.
- Ensure all employees, subcontractors, and visitors comply with company health and safety procedures and safe working practices.
- Carry out regular site inspections and health & safety audits, identifying areas for improvement and ensuring corrective actions are implemented.
- Investigate accidents, incidents, near misses, and non-conformances, producing reports and recommending any preventative measures.
- Monitor compliance with relevant UK health and safety legislation and industry standards.
- Work closely with external health & safety consultants and advisors to maintain compliance continually improve the company processes.
- Supporting the development, review, and implementation of health & safety policies, procedures, and documentation.
- Deliver toolbox talks, safety briefings, and promote a positive health and safety culture throughout our business.
- Assist with contractor pre-qualification and competency assessments.

- Provide practical health and safety advice to management, project teams, and site personnel.
- Support the wider CE team with ad hoc tasks as and when required.

Essential Requirements:

- NEBOSH General Certificate (or equivalent) is essential.
- Experience in a Health & Safety Advisor role within construction, electrical, renewable energy or a very similar environment.
- Experience reviewing and approving RAMS.
- Strong understanding of UK Health & Safety legislation and CDM Regulations.
- Methodical, accurate and process focused approach.
- Excellent communication and organisational skills.
- Excelled report-writing skills.
- Proficiency with Excel.
- Office based with a requirement to attend site when necessary.
- Driving License.

Strong Preference:

- Experience within the Solar PV or renewable energy sector.

Desired Skills and Qualifications:

- Competent in Microsoft Office applications
- First Aid at Work qualification

How to Apply: Please send a C.V. and covering letter outlining why you are suitable for the role to lisa.cook@cleaneearthenergy.com
